STEEL GARDEN EDGING

Get the leading edge...  
Call 13 11 37

## Do it once, do it right!

FormBoss™ is made in Australia from durable Australian steel. FormBoss™ is the complete steel landscape edging solution for commercial and domestic projects of any size. We stock a large range of profiles, gauges and preformed rings that are perfect as tree rings or raised garden beds. Talk to us, we make custom bespoke edging features to meet your specifications.

## Who needs FormBoss™ ?

Looking for a new edge to replace your tired looking and rotten timber edges, or flimsy plastic ones? Are you fed up with installing edging products that don't do the job... and are a major headache to install? Edging by FormBoss™ streamlines installation work flow and allows you to easily create any shape you can imagine.

Do the longterm benefits of your project aim to increase safety, add to the ease of grounds maintenance, improve property value, all while providing an aesthetically pleasing design?

## Why FormBoss™ ?

Australian made, durable and strong, with clean elegant designer looks, FormBoss™ steel edging simply will not split, warp, buckle, crack, chip or invite termites like traditional edging. FormBoss™ invites creative design with a total freedom. Ground profile heights from flush, up to 500mm retaining walls. Whether laying out the foundations of a new garden or restoring an old one, FormBoss™ will do wonders for the look and feel of any area. FormBoss™ is easy, quick and safe to install, saving you time and money.

## Availability

FormBoss™ is manufactured in Melbourne and available for local pickup or delivery. We keep a minimum of 10kilometers of edging in stock at all times. Available Australia wide, our network of stockists are located right throughout Australia with dedicated distributors in every state.

## Finishes and Profiles

FormBoss™ steel edging is available in three finishes:

- Galvanised. (Australian made G250 Z275 grade)
- REDCOR® steel. (Australian made “corten” steel)
- ZAM® steel. (Type ZM Coating Class in AS1397:2011)
- Full height profiles from 50mm to 850mm.
- Three stock gauges 1.6mm, 2.0mm and 2.5mm.
- Pre-rolled rings from 350mm to 3000mm Ø.
- Custom orders welcome. Plate custom builds up to 4mm.

**NOTES:**

The leading edge....

**FormBoss™**  
STEEL GARDEN EDGING

**Ph 13 11 37**

**“FormBoss is always our preferred product for steel edging as its quality is high, lead time is short and installation is as easy as it gets – leaving us with a well-priced, good-looking finish.”**

NewGrow Systems Manager Kenan Huric

**“When it comes to garden edging, you need a product that is strong, versatile and weather-resistant – and you can’t get anything that fits the bill better than steel. The FormBoss range of low-maintenance steel garden edging lets you be the boss of your own garden design.”**

Outdoor Entertaining August 2017
